1. The Money Follows the Person Program (MFP) helps people with disabilities and older adults move from institutions and nursing homes back to their homes and communities. There's a lot of things on Congress's plate right now, but MFP expired in 2016, and states need more funding to keep the program going.

ACT NOW. Call your Senators and urge them to co-sponsor the EMPOWER Care Act (S. 2227), which would improve and extend MFP for 5 years. The Capitol Switchboard can connect you with your Senators' offices: 202-224-3121, or 202-224-3091 (TTY). #FundMFP

2. It's always nice when an independent evaluation proves a program successful. Since 2005, the Money Follows the Person Program (MFP) has effectively helped older adults and people with disabilities move back home from care facilities. Now, we need your help encouraging the U.S. Senate to improve and extend it!

Your voice matters, so spread the word and get your friends and family to tell their Senators to co-sponsor the EMPOWER Care Act (S. 2227). #FundMFP

3. Aging well is a group effort. The Money Follows the Person Program (MFP) has helped older adults and people with disabilities move back home after time in a nursing home or similar institution. Lend your voice to help this program continue!

Tell your Senators to co-sponsor the EMPOWER Care Act (S.2227) so MFP can continue its important work. #FundMFP
